The ViewSonic VA2349S is a high-performance 23" wide-angle display with SuperClear IPS technology that delivers true color performance and consistent image quality. With Full HD 1080p resolution, 20M:1 MEGA Dynamic Contrast Ratio, and 5ms response time, this up-market display offers a stunning visual experience for video and photo viewing, web surfing and more. It combines function and form with an attractive glossy finish and slim bezel design, as well as VGA and DVI inputs for PC or laptop connections. Plus, with an integrated power-saving Eco mode and Energy Star certification, this energy-efficient display has a lower total cost of ownership. VESA-mount and Kensington security lock compliant, the VA2349S is a flexible and secure solution for homes and semi-public areas.

Full HD Resolution for Superior Pixel Performance

EEperience stunExperience stunning clarity and detail with high-definition gaming and multimedia applications on ViewSonic's VA2349S monitor. It features Full HD 1920x1080 resolution to ensure excellent pixel-by-pixel image performance, while its 20,000,000:1 Mega Dynamic Contrast Ratio guarantees accurate image reproduction with rich, vibrant visual effects.

SuperClear IPS LED for extremely wide viewing angles

ViewSonic SuperClear IPS monitors produce true colors and consistent images when viewed from the front, from the sides, from below, and from virtually any other viewing angle. No matter your perspective, you will not have any color shift or changes in contrast ratio when you move the image across the screen or change your viewing angle.

Mega Dynamic Contrast Ratio for Sharp, Crisp Images

A superior dynamic contrast ratio of 20,000,000:1 better defines the relationship between the darkest and brightest colors, ensuring all displayed images are rich and detailed. Combined with an extremely fast 5ms response time, every motion is naturally and accurately reproduced without any blurs.

Energy-Saving Eco-Mode

ViewSonic's proprietary Eco-mode function gives you the choice to optimize (85%) or conserve (65%) energy, thus reducing display brightness and conserving energy by up to 30%. Especially in low ambient light, Eco-mode adjusts brightness and improves visibility while reducing eye fatigue and prolonging the display's lamp life.

VESA Mount and Kensington Security Lock Compliant

Designed for use in various settings, the VA2349S' robust design makes it safe and secure wherever it is installed.

That's because it comes with a Kensington security lock slot and is VESA wall mount compliant - making it the perfect monitor for all settings.

ENERGY STAR® Certification

The VA2349S is environmentally sound, complete with an energy-saving mercury-free LED backlight and Eco-mode. Its ENERGY STAR® certification means you save up to 40% in energy costs when compared to regular 23" monitors.

Windows® 8 certified compliance

Windows® 8 Certified, the VA2349S provides the most updated Windows® 8 experience without any compatibility issues. Experience the all-new Windows 8 operating system with ViewSonic's VA2349S display.

Main specifications:

Display

Display diagonal:	23 "
Display brightness:	250 cd/m ²
Display resolution:	1920 x 1080 pixels
Response time:	5 ms

Display:	LCD
HD type:	Full HD
Display technology:	LCD
Display surface:	Gloss
Supported graphics resolutions:	1920 x 1080 (HD 1080)
Contrast ratio (typical):	1000:1
Contrast ratio (dynamic):	20000000:1
Viewing angle, horizontal:	178 °
Viewing angle, vertical:	178 °
3D:	N
Digital horizontal frequency:	24 - 82 kHz
Digital vertical frequency:	50 - 75 Hz
HDCP:	N
Supported video modes:	1080p

Ports & interfaces

VGA (D-Sub) ports quantity:	1
DVI port:	Y
DVI-D ports quantity:	1
Composite video in:	1
AC (power) in:	Y
