Introducing the WatchGuard XTM 3 Series! The newest member of the XTM family is a powerhouse performer for small businesses that want next-generation security features and fast firewall/VPN throughput at a small-business price.

The XTM 3 Series appliances include a suite of flexible management tools to give small businesses the tools they need to stay on top of network activity. They also include the Pro version of Fireware XTM operating system for advanced networking features, including VLAN support, multi-WAN load balancing, and dynamic routing. Real-time monitoring and rich reporting are included at no extra cost.

Keep traffic moving
The XTM 3 Series provides up to 1.4 Gbps firewall throughput, 240 Mbps VPN throughput, and up to seven 1-Gigabit Ethernet ports to support high-speed LAN backbone infrastructures and gigabit WAN connections.

Layer on protection
WatchGuard offers six security subscriptions for its next-generation XTM 3 Series solution, so businesses can build up protection where they need it most. Subscriptions can be purchased individually or bundled together for even greater savings.

Wireless security with guest access
Everyone loves wireless. With dual-band 802.11/n, the XTM 33-W model delivers reliable wireless connectivity while allowing you to provide controlled Internet access to guest users without compromising security.

Application Control
Control the use of Web 2.0 and other applications on your network for tighter security, better use of bandwidth, and greater productivity.

VPN setup in seconds
Nothing could be easier than our drag-and-drop Branch Office VPN setup - three clicks and your remote office is connected.

3 ways to manage your appliance
Choose to use the management tool that suits your work style and the task at hand. Options include our feature-rich intuitive centralized console, a command line interface, or web UI for access from anywhere, anytime.

Fireware XTM Pro included
The Pro version of our Fireware XTM OS is included with purchase for advanced networking features like policy-based routing, dynamic routing, multi-WAN load balancing, and VLAN support.

Remote connectivity options
Includes SSL and IPSec VPN for flexibility in remote access, with support for Apple iOS devices such as the iPhone, iPad, and IPod touch.

Reporting made easy
Monitoring and reporting tools, included at no extra cost, support industry and regulatory compliance with drill-down functions that make it easy to pinpoint specific activities.

Faster, safe web surfing
Add a simple subscription to Reputation Enabled Defense to your XTM solution and your organization will have faster web performance and even stronger security - with no additional hardware to buy.

Green security
Our firewalls are designed with efficiency in mind, consuming very little energy. Compare our power consumption to other security products and see how WatchGuard can make your data center more energy efficient. Green up your network with WatchGuard.

Main specifications:

Data transmission
Firewall throughput:	850 Mbit/s
VPN throughput:	100 Mbit/s
IPS/IDS throughput:	328 Mbit/s
Branch Office VPN:	50
Mobile VPN IPSec:	5
Mobile VPN SSL:	55

Networking
Wi-Fi:	Y
Wi-Fi standards:	802.11b,802.11g,802.11n
Wi-Fi data rate (max):	300 Mbit/s
Networking standards:	IEEE 802.11b,IEEE 802.11g,IEEE 802.11n,IEEE 802.3,IEEE 802.3ab,IEEE 802.3ad,IEEE 802.3u
Number of users:	500 user(s)
Number of VLANs:	50
DHCP server:	Y
DHCP client:	Y
Quality of Service (QoS) support:	Y

Ports & interfaces
Connectivity technology:	Wired & Wireless
USB 2.0 ports quantity:	1
Ethernet LAN (RJ-45) ports:	5
Serial ports quantity:	1

Protocols
Management protocols:	SNMP, CLI
Supported network protocols:	HTTP, HTTPS, SMTP, FTP, DNS, TCP, POP3
Routing protocols:	IP

Security
Security algorithms:	128-bit AES,256-bit AES,3DES,DES,MD5,WEP,WPA,WPA2
Firewall security:	ICSA, CC EAL4+ FIPS 140-2

Management features
LED indicators:	Y
Management platform:	WSM
Web-based management:	Y

Power
AC input voltage:	100-240 V
Power consumption (typical):	24 W

Performance
Concurrent connections:	40000
Antennas quantity:	3
Certification:	WEEE, RoHS, REACH

Design
Rack mounting:	N

Weight & dimensions
Dimensions (WxDxH):	197 x 273 x 127 mm

Packaging content
Bundled software:	Fireware XTM

Other features

Safety: NRTL/C, CB
