BUILD IT IN BLUE. STORAGE CAPACITY UP TO 6TB.

Boost your PC storage with WD Blue drives, the brand designed just for desktop and all-in-one PCs with a variety of storage capacities.

Improve PC Performance

Give your desktop a performance and storage boost when you combine your hard drive with an SSD to maximize speed of data access and a WD Blue drive for up to 6TB of additional capacity.

Plan for the Future

With better technology comes bigger storage needs. Digital cameras that record ultra-high definition video at 4K resolution and 30 frames per second require a ton of storage. Handling all that media is a snap with our 6TB drive.

Trust in WD

With legendary reliability, WD Blue drives are designed, tested and built to last, and ships with a 2-year limited warranty.

AN EXCELLENT SOLUTION FOR YOUR EVERYDAY COMPUTING NEEDS

The WD Blue drive delivers performance, reliability, and capacity, making it an excellent solution for the everyday user.

Will WD Blue hard drives work with my SSD?

Yes, WD Blue hard drives are a perfect combination with an SSD to help boost the system performance and capacity offering of your existing PC. For the best combo, purchase a WD Blue hard drive greater than 2TB to help plan for your future needs.

Which capacity is recommended for gaming?

As game sizes grow, so does the need for capacity. WD Black hard drives deliver the best performance and reliability for gaming as well as a longer 5 year limited warranty to match your other performance PC components.

I save a lot of photos and videos. Which capacity is recommended?

Storage size of 2TB to 4TB is best for users who take lots of photos and videos with their smartphone and want to confidently back up or have a copy of their data. Get reliability and capacity for your current and near-future needs.

I have a NAS at home. Which drives do you recommend?

The WD Red drive is built specifically for NAS devices and is optimized for RAID and always-on 24/7 environments.

Main specifications:

Hard drive

Hard drive capacity:	6000 GB
Hard drive interface:	Serial ATA III
Hard drive speed:	5400 RPM
Hard drive size:	3.5 "
Component for:	PC
Device type:	HDD
Drive device, buffer size:	64 MB
Start/stop cycles:	300000
Hard drive interface transfer rate:	6 Gbit/s
Hard drive sustained transfer rate:	175 MiB/s
RoHS compliance:	Y

Power

Power consumption (standby):	0.4 W
Power consumption (read):	5.3 W
Power consumption (write):	5.3 W
Power consumption (idle):	3.4 W
Input voltage:	12 V

Operational conditions

Operating temperature (T-T):	0 - 60 °C
Storage temperature (T-T):	-40 - 70 °C
Operating shock:	30 G
Non-operating shock:	250 G

Weight & dimensions

Width:	101.6 mm
Height:	26.1 mm
Depth:	147 mm
Weight:	750 g

Packaging content

Storage drive adapter included:	N
Quantity:	1
