

MOBILE ELECTRONICS PRO-SERIES

MobileDock™ Dash Mount

MOBILE ELECTRONIC DASH MOUNTING HARDWARE

The MobileDock is a breakthrough in suction-mounted technology that allows you to mount your device directly on your dashboard.

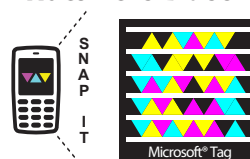

The MobileDock can be securely mounted on most hard surfaces without glue or adhesives. The cradle securely holds any phone or mobile device using advanced, adhesive-free grip technology.

FEATURES

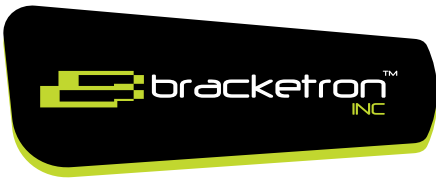

- Innovative, patented super stick-and-grip flexible material mounts to most hard surfaces
- No need for separate cradle to hold your device to the mount
- Allows for full access to all device controls
- Portable design for easy installation and removal
