

- Notes:
- Signage and road marking figure references are to the Department of the Environment's most current Traffic Signs Manual (eg "Yield" sign to Figure 7.3), unless otherwise stated.
 - Depictions of signs and posts are purely diagrammatical, DO NOT SCALE from them.
 - All street furniture such as signs, sign poles, lamp poles, signal heads, etc. must have a minimum clearance of 0.5m from the edge of the carriageway, unless otherwise instructed by the Engineer.
 - Frank Crowley from DCC Traffic Dept shall be consulted on locations and specifications of all signage and road markings.

15/09/2009	B	Anti-skid & new services added and signage, planting and paving scheme modified.
