Thank you for purchasing the Accessory Power **GOgroove™ SideStream™ USB Stereo Speaker**. This high-fidelity laptop speaker system produces room-filling, crystal clear sound and powerful bass that will provide you with a truly enhanced listening experience! Its lightweight, clip-on design attaches securely to your laptop LCD screen, making it the perfect speaker for travel. Enjoy listening to your music collection no matter where life takes you!

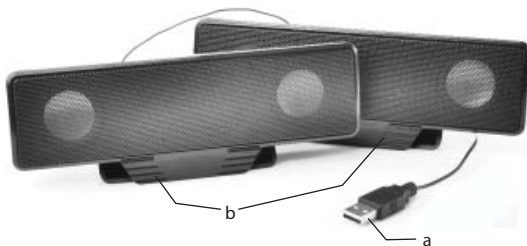

What's in the box?

1 - SideStream USB Stereo Speakers

Product Diagram

a - USB audio connection cable
b - Speaker clips

Operating Instructions:

Plug-and-Play Feature

The **SideStream USB Stereo Speaker** features a Plug-and-Play design that delivers power and pure digital sound, instantly. A USB connection sends power and audio through a single cable with no need for software or a power supply.

Connecting the SideStream to Your Computer

After turning your laptop on, insert the *(a) USB audio connection cable* into an available USB port on your computer or laptop. Your speakers will be automatically recognized and activated upon connection. For Mac OSX, you may have to adjust your USB audio settings.

Attaching the GOgroove SideStream USB Stereo Speakers to your laptop or Netbook

Open the *(b) Speaker clips* and attach to desired position on your computer. To get the best stereo sound, place them at an equal distance on the left and right of your listening position.

The **SideStream USB Stereo Speaker** can also stand upright on any flat surface for easy desktop placement. The *(b) Speaker clips* on the bottom work to support the **SideStream USB Stereo Speaker** in an upright position.

Troubleshooting

The SideStream USB Stereo Speakers will not turn on.

- The (a) *USB audio connection cable* is not securely plugged into an active USB port.
- Computer (laptop) is not on or is in sleep mode.

I cannot hear any sound.

- Computer volume is turned down or on mute.
- The music source on your computer is not playing.

Cautions

- Do not close your laptop screen while **SideStream USB Stereo Speaker** is attached.
- Do not expose any part of the speaker system to cleaning liquids or solvents.
- Keep speakers away from extreme heat or sources that produce heat, such as heaters, radiators, and stoves.
