

Trade In and Trade Up!

Save **money** when you **recycle** your old printer!

Recycle your old printers and save the green by going green!

Old printers may be costing you and the environment more than you think with higher cost to operate, less productivity, and less security for your sensitive information. Lexmark shares in the environmental responsibility, as a provider of printing solutions and Energy Star qualified products. Recycle your old printer to save money, energy, and most importantly, reduce your environment impact with our innovative products to meet all of your needs.

4 simple Trade In steps:

- ▶ Purchase any Lexmark printer from the list of qualifying printers
- ▶ Complete online claim form located at: <https://secure.lexmark.ca/app/tradein/> within 90 days of invoice date
- ▶ A pre-paid shipping label for the recycled laser or dot matrix printer will be sent within one day of receiving proof of purchase
- ▶ Once your recycled printer is received, your claim will be processed, and a cheque will be sent to you

Purchase	Rebate offer
Mono laser	\$15 - \$400
Colour laser	\$15 - \$375
Mono multifunction laser	\$25 - \$500
Colour multifunction laser	\$35 - \$500

- * Earn additional rebates with Lexmark promotions
- * Trade in rebates only valid on competitive models and eligible Lexmark legacy printers
- * Don't forget, these rebates are stackable with our Lexmark monthly hardware promotions
