RC-311

## Introduction

■ Model Number: RC-311

Elite 311 (RC-311), successor of our Elite 310, with improved PSU placement for better cooling, it accommodates micro-ATX and ATX motherboards, built with a modern black design body and multi-color frame on the front panel. This chassis maintains Elite's pedigree of compact-sized and quality build that would look great in any space. To express more character to the product, Elite 311 will also have the multi-color selections demanding for the customer in the future release.
