P70

BUILDER-FRIENDLY CASE FOR PERFORMANCE AND SILENCE

ENCLOSURES

The P70 is engineered to be a builder-ready case with all the features you want for a powerful, silent build. Advanced cooling options, room for expansion, and Quiet Computing™ components such as sound damping material on side panels, a removable sound-blocking top panel, and rubber grommets on HDD rails make the P70 a winning combination of performance and silence.

SPECIFICATIONS:

- 10 drive bays
 - 2 x 5.25" External HDD Bay
 - 1 x 3.5" External, 4 x Internal HDD Bay
 - 1 x 2.5" Dedicated SSD Mount
- CPU cutout allows for easy installation of CPU coolers
- Cooling system:
 - Includes 2 x top 120 mm exhaust fan
 - Includes 1 x rear 120 mm exhaust fan
 - Optional 2 x front intake
- Built-in washable front air filters
- Built-in Quiet Computing - Sound deadening high density Polycarbonate (PC) on both side panels to stop the vibration, rubber grommets on HDD rails to quiet the HDD, and top fan cover to seal the top panel to further enhance the quiet computing
- 7 expansion slots to support multiple graphics cards
- Supports up to 15" (380 mm) extra long cards for high performance users
- Top mounted I/O ports
 - 2 x USB 3.0
 - Audio In and Out
 - 3 x Fan Controls
- Motherboard: Mini-ITX, microATX, Standard ATX
- No power supply included
- Unit Dimensions:
 - 18.0" (D) x 8.1" (W) x 18.7"(H)
 - 458mm (D) x 205 mm (W) x 476 mm (H)
