Description

 The SRW12U13 slim 12U Wall-Mount Rack Enclosure is designed to safely store shallow network switches and patch panels. It integrates wall-mounting, easy equipment access and cable management in Telco environments with limited floor space. Ventilated top and bottom panels allows generous airflow to keep equipment operating safely. Top panel offers a convenient cable access cutout with cover. Adjustable front mounting rails have square holes (default position) and tapped holes to accommodate 12U of equipment. A sturdy wall-mount bracket allows the cabinet to quickly be hung on the wall and supports up to 200lbs of equipment. The SRW12U13 comes with a 5-year product warranty.
