### Ultra-Small Storage with Huge Personality

Lexar offers a comprehensive line of high-performance USB flash drive products designed with a wide variety of features, capacities, and capabilities. With so many options, it's easy to find the right Lexar® JumpDrive® product to fit your needs and lifestyle.

Lexar JumpDrive FireFly is an ultra-portable USB flash drive that provides a convenient solution for storing, transferring, and sharing multimedia and more. It's ideal for storing lots of great pictures, your favorite music, and important files. JumpDrive FireFly is available in 4GB, 8GB, 16GB, and 32GB capacities.

### More Than Just Good Looks

**Serious Storage in a Stylish Design.** Behind those cool colors lies the heart of all your information. The powerful, Hi-Speed USB JumpDrive FireFly has a simple plug-and-play design that allows you to quickly and easily transfer and store digital documents, photos, MP3 files, and video clips. So wherever you go, your information goes with you.

**Great Features.** In addition to its attractive design, JumpDrive FireFly also has a protective cap for security and a tail light LED that blinks during data transfer so you have confidence in knowing when the job is done. JumpDrive FireFly also works across platforms, giving you complete flexibility and ease of use.

**Pick One to Meet Your Needs.** Created to meet your specific needs, JumpDrive FireFly comes in four stylish colors for its four varying capacities—up to a whopping 32GB of storage. It also serves as a fashionable accessory and comes with a key chain hole so it can be easily tethered onto a key ring, attached to a backpack, or hooked to a purse or briefcase. With great features and a range of colorful capacity options, Lexar JumpDrive FireFly is an excellent solution for easily storing and transferring all your files, photos, video, and more.

**Lexar Performance, Quality, Compatibility, and Reliability.** All Lexar memory card, card reader, and USB flash drive product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 800 digital devices, to ensure performance, quality, compatibility, and reliability. This provides customers with a high level of confidence when using Lexar products to capture, manage, move, and store the memories that matter.

*Lexar offers a comprehensive line of innovative, award-winning memory products in several categories, including memory cards, card readers, DRAM, USB flash drives, and portable backup drives. With so many options, it's easy to find the right Lexar solution to fit your needs.*

**Lexar. When Memory Matters.™**

Some of the listed storage capacity is used for formatting and other purposes and is not available for data storage. 1GB equals 1 billion bytes. For more information, go to [www.lexar.com/capacity](http://www.lexar.com/capacity).
