

work with ease with the 19" analog LCD.

Imagine not minding being chained to your desk all day. With a monitor like the SAMSUNG 940N, it's almost a pleasure. A fast 5ms response time minimizes trailing, for sharp motion graphics and internet viewing. The sharp 700:1 contrast ratio is made even sharper with exclusive Magic technologies, like MagicBright 2, which optimizes text, movie, sports, game or internet viewing with the push of a button. MagicColor, ensure superb, natural color. And MagicTune, makes it easily controllable with your mouse. Working through lunch? Not a problem. With the SAMSUNG 940N, it's not hard to imagine.

19 inch screen

16.2 million colors

16.2M colors

Viewable screen size. Wide viewing angles along with bright colors make for a very favorable viewing experience.

Maximum colors. Be the recipient of clearer brighter imagery with the wide spectrum of colors offered by SAMSUNG monitors.

MagicBright2

text mode

internet mode

game mode

sports mode

MagicBright2 is a powerful new feature that provides the best viewing environment based on the images with six viewing modes provided; text, internet, games, sports, movies and customized.

160 deg. viewing angle

Vertical Angle - 160°

Horizontal Angle - 160°

Wider viewing angles make sure you can see object on your screen even when you're reaching for your popcorn.

MagicColor

Intelligent Mode (Skin Tone Protection)

Before

After

Full Mode (Full Color Enhancement)

Before

After

Improves hue and saturation of colors, and adjusts mid-level colors to shades that the human eye accepts as natural. By MagicColor, fresh images with exceptional clarity are created even on a darker screen.

wall and arm mount

Designed to meet VESA standards to accommodate any display type. Fits any environment whether on your desk, on the wall or to any position with arm mount.

5ms response time

Slow response time makes you dizzy because of ghosting and blurry images while playing games.

MagicTune

SAMSUNG's OSD solution MagicTune provides simple and convenient adjustment to the best image quality. MagicTune is ideal for experts like photographers, designers, and multimedia artists, by providing the most userfriendly and customized color adjustment function.
