

# 24" widescreen with a height-adjustable stand

Imagine having more room to spread out. The SAMSUNG 245BW combines a 24" screen with a 16:10 widescreen aspect ratio to give you a bigger window on your world. Whether you use that power to work more efficiently or to watch a bigger blockbuster, you get sharp text and crisp motion through a fast 5 ms (GTG) response time, 3000:1 dynamic contrast ratio and exclusive technologies like MagicColor™ and MagicBright3™. And it's all topped off by a height-adjustable stand and optional integrated speakers. With the SAMSUNG 245BW, it's not hard to imagine.

## MagicBright3

MagicBright3 provides optimal combination setting for the various contents for user working environment. With one click, user can control OSD easily.

## MagicColor

### Intelligent Mode (Skin Tone Protection)

Before

After

### Full Mode (Full Color Enhancement)

Before

After

Improves hue and saturation of colors, and adjusts mid-level colors to shades that the human eye accepts as natural. By MagicColor, fresh images with exceptional clarity are created even on a darker screen.

3000:1 contrast ratio

Most often talked about with LCD monitors, is the measure of the difference of brightness levels between the brightest white and the darkest black. With a dynamic contrast ratio of 3000:1 you are assured crisp easy-to-view images.
