# Life moves fast. Catch it!

Some of life's best memories are made in college, and with an estimated 19 million students attending colleges across the US, that's a lot of 18 to 24 year-olds looking to capture their newfound freedom. The new COOLPIX S4100 is the ideal camera for those unwilling to miss a minute of life's fast moving fun! One-Touch HD 720p movie recording makes spur of the moment excitement simpler than ever to capture and share. It's lightweight and pocket-portable so wherever the action takes them, they'll be ready to catch it all. The bright three-inch touch screen LCD allows full control to capture, edit and view right at your fingertips. Adding creative touches are fun with functions like Selective Color, Fisheye and Miniature modes. The COOLPIX S4100 is high powered with a 5x optical Zoom-NIKKOR glass lens and 14 megapixels for sharp and highly detailed pictures. Nikon's legendary imaging technology takes the guesswork out of shooting, with Scene Modes that adjust settings accordingly for incredible ease and better looking images. For those who live life fast and free—yet still need to feel connected—the COOLPIX S4100 offers a camera with features that are just the right speed.
