

SC-DC575

DVD Camcorder

Enjoy the industry's latest digital camcorder technology. The SC-DC575 DVD Camcorder offers a strong zoom – 26x optical/1200x digital zoom – capture remarkably detailed 1 mega pixel CCD images clearly displayed on the 2.7" widescreen LCD. Turn it on and start shooting in less than 10 seconds. The dual-layer DVD feature doubles the amount of recording time, while a 2-in-1 multi memory card slot lets you store videos and stills. There's even a handy remote control so you can set up the shots – and then get into the action yourself!

- 1 mega pixel CCD
- 26x optical zoom/1200x digital zoom
- +R dual layer recording

DVD Camcorder

Camera features

DVD Camcorder: capture your most treasured memories on DVD discs— no more bulky videotapes, no more tangled wires— easy, convenient playback in your DVD player.

1M pixel video CCD delivers high-resolution video images with superior color resolution and detail. It surpasses conventional camcorder with digital quality and its PC interface.

DVD+R (dual layer): Double recording capacity: Double the recording capacity of a regular disc. DVD+R dual layer discs offer 2.6GB of recording space compared to 1.4GB of space on standard DVD+R discs.

26x optical; 1200x digital zoom

2.7" LCD Color viewfinder

Professional quality Schneider lens optics

Flexible 4:3 & 16:9 recording & viewing ensures that the entire image is recorded. Once your movies are captured in wide-screen format, you can enjoy viewing them without having to lose any of the images on your wide-format HDTV screen.

SD/MMC Memory card slot: The memory camcorder's external memory slot accepts both SD cards and MMC. Quickly and easily transfer and play videos, images, music and documents using the memory type of your choice.

Digital image stabilization (DIS) minimizes unwanted picture shaking caused by hand movement during recording.

PictBridge™ technology enables you to connect the camcorder directly to any printer which supports the PictBridge standard via a USB cable.

USB 2.0 (high speed) using USB 2.0 the images or movie clips can be downloaded to a PC 40 times faster than with USB version 1.1.

LED video light

LCD+ and Voice+

Slow shutter night mode

Multi-language function: Supports 21 languages

Specifications

Format: DVD Cam

Imaging device: 1M CCD

LCD Monitor: 2.7"

Lens: F1.6

Lens diameter: 30mm

Focal length: 2.29 ~ 75.57

Battery: 60 min.

Power consumption: LCD off - 4.2W
LCD on - 4.7W

Connectivity

OS: Win: 98, 2000, XP
Mac: OS 9, OS X

PC connection: USB 2.0

Jack: USB, A/V in/out, analog in

Supplied accessories

Remote control, USB cable, light, software

Net dimensions & weight (WxHxD)

Dimensions: 2.13" x 3.43" x 4.76"

Weight: .79 lbs.

Shipping dimensions & weight (WxHxD)

Dimensions: 7.3" x 5.91" x 5.79"

Weight: 2.25 lbs.
