

ProBook 6360b

Tailored for Business

Mobilize your team with HP's new 13.3-inch diagonal laptop with a professional design, the latest Intel technology, UMA graphics and common docking.¹

HP recommends Windows® 7.

All-new professional design

Boasting elevated levels of design in a tungsten color, the HP ProBook 6360b sports a bead-blasted aluminum display enclosure, a magnesium-reinforced ABS chassis and bottom case with drain that helps protect against accidental minor spills. The full-sized keyboard allows you to type quickly and is more conducive to using gestures.

Enhanced performance and graphics

Create documents, presentations and spreadsheets and share them with co-workers. The new Intel architecture features 2nd generation Intel® Core™ i7,² i5² and i3² dual-core processors, offering incredible performance, responsiveness and enhanced graphics. Couple all this with the Intel® HD Graphics 3000 for responsive performance and rich media capabilities.³ Alternatively, Intel® Celeron® Processors are available.³

Balance legibility and portability

Enjoy the new, easy-to-view 13.3-inch diagonal HD⁴ display on the HP ProBook 6360b. Starting at only 4.19 lb (1.90 kg), professionals will comfortably carry this PC down the hall and across the nation.

Extensive battery solutions

Multiple battery options allow you to configure your laptop with the mobility and battery run-time that works for you.⁵

Built to protect.

HP ProtectTools is a portfolio of security technologies designed to give users three-dimensional protection through Strong Authentication, Data at Rest and Data in Motion.⁶

Built to conserve

HP Power Assistant⁷ extends battery run time while reducing energy consumption. It measures and logs reported system energy usage through a simple interface.

Built to simplify

With HP QuickWeb⁸ you can tap into fast, convenient and more secure access to the internet, email, contacts and calendar at the touch of a button without long boot-up times.

Common docking options allow professionals to share docking solutions for the HP ProBook 6360b in various locations.

THE COMPUTER
IS PERSONAL
AGAIN.

ProBook 6360b

HP recommends Windows® 7.

SPECIFICATIONS

Operating system	<p>Preinstalled:</p> <p>Genuine Windows® 7 Professional⁹</p> <p>Genuine Windows 7 Home Premium⁹</p> <p>Genuine Windows 7 Home Basic⁹ (select countries)</p> <p>Genuine Windows 7 Starter^{9, 26} (select countries and configurations)</p> <p>Genuine Windows Vista Home Basic¹⁰</p> <p>SuSE Linux Enterprise Desktop¹¹</p> <p>FreeDOS</p>	<p>Supported:</p> <p>Genuine Windows 7 Enterprise⁹</p> <p>Genuine Windows 7 Ultimate⁹</p> <p>Genuine Windows Vista Enterprise¹⁰</p> <p>Genuine Windows Vista Business¹⁰</p> <p>Genuine Windows XP Professional</p> <p>Certified:</p> <p>SUSE Linux Enterprise Desktop¹¹</p>
Processor	<p>2nd generation Intel® Core™ i7 mobile processors² with Turbo Boost Technology¹²; 2nd generation Intel® Core™ i5 mobile processors² with Turbo Boost Technology¹²; 2nd generation Intel® Core™ i3 mobile processors², Intel® Celeron® processor</p>	
Chipset	<p>Mobile Intel QM67 Express Chipset (vPro¹³ configurations)</p> <p>Mobile Intel HM65 Express Chipset (non vPro¹³ configurations)</p>	
Memory	<p>DDR3 SDRAM, 1333 MHz, two slots supporting dual-channel memory,¹⁴ 2/4/8 GB SODIMMs, up to 16 GB total</p>	
Internal Storage¹⁸	<p>250/320/500/750 GB 7200 rpm SMART SATA II HDD, 320 GB 7200 rpm SED (Self Encrypting Drive); or 128/160 GB SSD, HP 3D DriveGuard⁶</p>	
Upgrade Bay	<p>12.7-mm SATA optical drive; Blu-ray ROM DVD+/-RW SuperMulti DL LightScribe Drive^{1, 16}, DVD+/-RW SuperMulti DL LightScribe Drive^{1, 16}, DVD-ROM Drive; 500 GB 7200 rpm secondary HDD¹⁵; or Weight saver</p>	
Display	<p>13.3-inch diagonal LED-backlit HD⁴ anti-glare (1366 x 768)</p>	
Graphics	<p>Integrated: Intel® HD⁴ Graphics 3000; Intel® HD⁴ Graphics</p>	
Audio/Visual	<p>High Definition Audio (SRS Premium Sound), stereo speakers, stereo headphone/line out, stereo microphone in, optional HD Webcam^{1, 17}, integrated microphone (integrated dual-microphone array with optional webcam¹)</p>	
Wireless Support^{18, 19}	<p>Optional HP hs2340 HSPA+ Mobile Broadband;¹⁸ Optional HP un2430 EV-DO/HSPA Mobile Broadband (available 2Q 2011);¹⁸ Intel 802.11 a/b/g/n or b/g/n,¹⁹ Broadcom 802.11 a/b/g/n or b/g/n;¹⁹ HP Integrated Module with Bluetooth® v2.1 + EDR Wireless Technology; HP Connection Manager 4.0</p>	
Communications	<p>Integrated Intel 82579LM Gigabit Network Connection (vPro¹³), Integrated Intel 82579V Gigabit Network Connection (non vPro¹³), 56K v.92 modem</p>	
Ports and Connectors	<p>(3) USB 2.0 ports, (1) eSATA/USB 2.0 combo port, (1) VGA, (1) DisplayPort, (1) stereo microphone in, (1) stereo headphone/line out, (1) 1394a, (1) power connector, (1) RJ-11/modem, (1) RJ-45/Ethernet, (1) docking connector, (1) secondary battery connector</p>	
Expansion Slots	<p>(1) ExpressCard/54 slot, (1) SD/MMC slot</p>	
Input Device	<p>Full-sized spill-resistant keyboard with drains, touchpad with scroll zone and gestures support, optional point stick, launch buttons (wireless on/off, HP QuickWeb,⁸ volume mute)</p>	
Software (Windows OS only)	<p>HP Power Assistant,⁷ HP Recovery Manager, HP Support Assistant, HP QuickWeb,⁸ Microsoft® Office 2010 Preloaded - Purchase Key,²⁰ Intervideo WinDVD (select models), Roxio Burn Secure (select models), Roxio MyDVD 10 SE (select models), Norton Internet Security 2011,²² Skype¹⁷</p>	
Security	<p>Standard: HP ProtectTools, Central Management capable, TPM Embedded Security Chip 1.2, Enhanced Pre-Boot Security, HP Spare Key (requires initial user setup), HP Disk Sanitizer,²⁴ Drive Encryption for HP ProtectTools, Credential Manager for HP ProtectTools, File Sanitizer for HP ProtectTools²⁴, Intel AT (requires a Computrace subscription),²⁷ security lock slot</p> <p>Optional: Computrace Pro for HP ProtectTools,²³ HP Fingerprint Sensor, Smart Card Reader (replaces ExpressCard), HP Privacy Filter</p>	
Dimensions (h x w x d)	<p>1.32 in (at front) x 12.68 in x 8.66 in / 3.4 cm (at front) x 32.2 cm x 22.0 cm</p>	
Weight	<p>Starting at 4.19 lb (1.90 kg) (weight will vary by configuration)</p>	
Power	<p>9-cell (100 WHr) Lithium-Ion battery,⁵ 6-cell (55 WHr) Lithium-Ion battery,⁵ 3-cell (31 WHr) Lithium-Ion battery,⁵ 6-cell (55 WHr) HP Long Life Battery (3-year),^{5, 24} 6-cell (55 WHr) HP Long Life Battery (1-year),^{5, 24} optional HP Extended Life Battery (9-cell/73 WHr),⁵ optional HP Ultra-Extended Life Notebook Battery (9-cell/100 WHr),⁵ 65W HP Smart AC Adapter, HP Fast Charge²⁵</p>	
Expansion Solutions¹	<p>HP 90W Docking Station, HP 120W Advanced Docking Station, HP USB 2.0 Docking Station, HP Essential USB 2.0 Port Replicator, HP Dual Hinge Notebook Stand, HP Display & Notebook Stand, HP Adjustable Display Stand, HP Adjustable Dual Display Stand</p>	
Warranty	<p>Limited 3-year, 1-year and 90-day warranty options available, depending on country, 1-year limited warranty on primary battery. Optional HP Care Pack Services are extended service contracts which go beyond your standard warranties. For more details visit: http://www.hp.com/go/lookuptool.</p>	

ProBook 6360b

HP recommends Windows® 7.

HD Webcam^{1, 4}

13.3-inch diagonal HD⁴ display

Full-size keyboard

Touchpad with scroll zone

1. Sold separately or as an optional feature.
2. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Quad Core is designed to improve performance of multithreaded software products and hardware-aware multitasking operating systems and may require appropriate operating system software for full benefit. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance.
3. Intel HD 3000 not available with Celeron processors. Celeron configurations feature Intel HD graphics.
4. HD content required to view HD images.
5. Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See MobileMark07 battery benchmark www.bapco.com/products/mobilemark2007 for additional details.
6. Microsoft Windows required.
7. Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Microsoft Windows required.
8. HP QuickWeb is accessible when the notebook is off in Windows XP, Windows Vista or Windows 7-based systems. Internet access is required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use.
9. This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows7/> for details.
10. Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.mspx. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
11. Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
12. Intel® Turbo Boost 2.0 technology requires a PC with a processor with Intel Turbo Boost 2.0 capability. Intel Turbo Boost 2.0 performance varies depending on hardware, software and overall system configuration. See www.intel.com/technology/turboboost for more information.
13. Some functionality of Intel vPro, such as Intel Active management technology and Intel Virtualization technology, requires additional 3rd party software in order to run. Availability of future "virtual appliances" applications for vPro technologies is dependent on 3rd party software providers. Compatibility with future "virtual appliances", Microsoft Windows Vista and Windows 7 operating systems is yet to be determined.
14. Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
15. For hard drives, GB = 1 billion bytes. Up to 8 GB (for XP), 10 GB (for Vista) or 15 GB (for Windows 7) of system disk is reserved for the system recovery software.
16. As HD DVD is a new format containing new technologies, certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some HD-DVD titles to play, they may require an HDMI digital connection and your display may require HDCP support. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided – Version 1.0 media. Actual speeds may vary. Don't copy copyright-protected materials. Double Layer discs can store more data than single layer discs; discs burned with this drive may not be compatible with many existing singlelayer DVD drives and players. LightScribe creates a monochrome image. LightScribe media required and sold separately.
17. Internet access required.
18. Wireless use requires separately purchased service contract. Check with your local vendor for coverage area and availability in your area. Connection and speeds will vary due to location, environment, network conditions, and other factors.
19. Wireless access point and Internet service required.
20. Availability of public wireless access points limited. Includes reduced functionality versions of Word and Excel. Purchase of Product Key required to activate full Office 2010 suite available at participating resellers/retailers and www.office.com.
21. For the use cases outlined in the DOD 5220.22-M Supplement.
22. Internet access required. This product may include Norton or McAfee software. First 60 days included. Subscription required for live updates afterward.
23. The Computrace agent is shipped turned off, and must be activated by customers when they purchase a subscription. Subscriptions can be purchased for terms ranging from one to four years. Service is limited, check with Absolute for availability outside the U.S.
24. 3 year limited warranty or 1000 cycles. Battery cycles is the total number of full charge/discharge cycles a battery yields before it can no longer hold a useful amount of charge. For more information visit: <http://h20000.www2.hp.com/bizsupport/TechSupport/Document.jsp?lang=en&cc=us&objectID=c00596784>.
25. Fast Charge Technology recharges your battery up to 90% within 90 minutes when the system is off. Fast Charge Technology does not apply to the HP Ultra-Capacity or 9-cell batteries. When the PC is powered on, charge time may increase and will vary based on the workload of the notebook PC.
26. Hardware limitations are as follows: 2 GB RAM, Celeron processor <= 500 GB storage.
27. Intel AT security requires a separately purchased Absolute Computrace service subscription and must be activated and configured. Check with Absolute for availability in your country. Intel and HP assume no liability for lost or stolen data and/or systems or any other damages resulting therefrom. See <http://www.intel.com/technology/anti-theft/>.
