

# HP TouchPad

Super natural.

Works like you do, so you can get more done.

The new HP TouchPad is designed to work like you. Letting you connect, collaborate, communicate, and share more easily.<sup>1</sup> No barriers. No complications. Just a seamless flow from one thing to the next. TouchPad. There's nothing like it.

## HP TouchPad works like you do

The new HP TouchPad is designed to work like you do, so you can accomplish more. TouchPad gives you a seamless way to move back and forth between all the things you're working on.<sup>2</sup> With a large, brilliant screen, you see your related activities grouped together automatically—so you stay organized. Everything's open and you never lose your place. If a call or text message arrives on your HP Pre3 smartphone, you can answer or reply right from your TouchPad<sup>3,4</sup>—not to mention work with Microsoft® Office files and collaborate with colleagues using Google™ Docs or Box.net.<sup>1</sup> Plus, you experience more of the Web, including Adobe® Flash®.<sup>1</sup>

## Do more with HP webOS

HP TouchPad is part of a growing family of webOS devices designed to keep you better connected.

- **Next-level multitasking:** Get a simple, natural way to move from one thing to the next. Have related activities automatically grouped together into card stacks.
- **HP Synergy:** Get contacts, calendars, messages, email, and photos automatically synced from sources like Microsoft Exchange<sup>5</sup>, Facebook®, and Google.
- **Just type:** Simply start typing to search the Web, update your status, or begin just about anything.<sup>1</sup> Think about what you want to do, not how you have to do it.
- **Notifications:** Receive a snapshot of new messages, email, and events without being totally disrupted.<sup>1</sup> Act on what's important—ignore what's not.
- **Web:** Browse the Web at blazing speed with support for the latest Web technologies, including Adobe Flash Player.<sup>1</sup>
- **Better together:** Receive text messages and answer phone calls on your TouchPad.<sup>3,4</sup> Move a website onto your HP Pre3 by bringing the devices together.<sup>6</sup>

- **Wireless printing:** Print wirelessly to compatible networked HP printers.<sup>7</sup>
- **Enhanced email:** Keep multiple emails open at once. View work and personal messages together or separately.<sup>5</sup> Scroll through your inbox in one pane while working on an email in another.<sup>1</sup>

## Stay connected at work or away

Lightweight, powerful, and incredibly intuitive, it keeps you productive anywhere. And connected in the office and at local hotspots.<sup>1</sup>

## Works with Microsoft Office docs

Plus, you can view Microsoft Word and Excel files thanks to Quickoffice. Share documents using Google Docs or Dropbox.<sup>1</sup>

## Loaded with extras

The integrated webcam on the front of the HP TouchPad enables video conferencing,<sup>5</sup> and integrated Beats Audio™ lets you hear everything the way it was meant to be heard. Heading out of town? Download movies or TV shows on TouchPad from the HP Movie Store to watch on a flight.<sup>8</sup>

## Expand your capabilities

Place TouchPad on the optional HP Touchstone dock<sup>9</sup> and it charges automatically, while also launching today's agenda or other content you choose.<sup>10,11</sup> Do a lot of typing? Add an ultra-slim, ultra-compact wireless keyboard.<sup>9</sup> HP TouchPad is designed to work like you do, so you can accomplish more.

**TouchPad. There's nothing like it.**

## HP TouchPad

---

1. Internet access within wireless coverage area only. Wi-Fi within range of 802.11a/b/g/n Wi-Fi network. Some Wi-Fi hotspots may require fee for usage. Not all Web content may be available. Email and related information required for setup and activation.
2. Performance varies based upon actual usage.
3. Voice service requires separately purchased service contract. Availability may vary by carrier.
4. Within wireless coverage area only. SMS requires data services at additional cost.
5. Within wireless coverage area only. Microsoft Exchange email, contacts, and calendars available for ActiveSync only; requires Microsoft Outlook using Exchange Server 2003 with SP2, Exchange Server 2007, or Exchange Server 2010.
6. Requires HP TouchPad with webOS 3.0 and Pre3 or Veer with webOS 2.2 or higher, both products having the same HP webOS Account. Viewing URL web page content requires data connection via Wi-Fi or cellular connection. Within wireless coverage area only.
7. The webOS print solution will support all network-capable HP printers that support PCL page description language in the local LAN. These printers include new HP ePrint-capable printers—Photosmart, Officejet, and LaserJet—as well as legacy printers approximately 5 years old or newer. ePrint requires an Internet connection to the printer. Feature works with any Internet- and email-capable device and will require a firmware upgrade. Print times may vary. For a list of supported documents and image types, see [www.hp.com/go/ePrintCenter](http://www.hp.com/go/ePrintCenter).
8. Third-party software available separately. Within wireless coverage area only. Requires data services at additional cost. Not all apps available on all devices.
9. Sold separately.
10. HP Touchstone sold separately.
11. Displayed preferences require user setup.
12. User-available storage subject to change based on system software and application usage.
13. Internet service required.
14. 90-day toll-free setup assistance, 24x7 free on-device and desktop chat support subject to change without notice.
