

# HP 355 G2 Notebook PC

At the office or on the road, stay connected with essential technologies that keep you productive. The durable construction with an all metal palm rest protects your PC from the rigors of mobile use while maintaining its stylish look.

HP recommends Windows.

Windows 8.1  
Screen size: 15.6" diagonal

### Durable design that keeps up with the demands of mobile use.

- HP 3D DriveGuard<sup>1</sup> helps protect critical information while you're on the move.
- Help protect sensitive electronics and key components from minor spills with this thin layer of Mylar film under the keyboard.
- Life heats up. That's why there's HP CoolSense technology, which automatically adjusts your notebook's temperature based on usage and conditions. It stays cool. You stay comfortable.
- With a user replaceable battery, you have convenience, style and easy maintenance.
- Sometimes in life, only a face-to-face conversation will do. Thanks to the HD Webcam, you always come off looking your best. Even in low light.

### Powered for business.

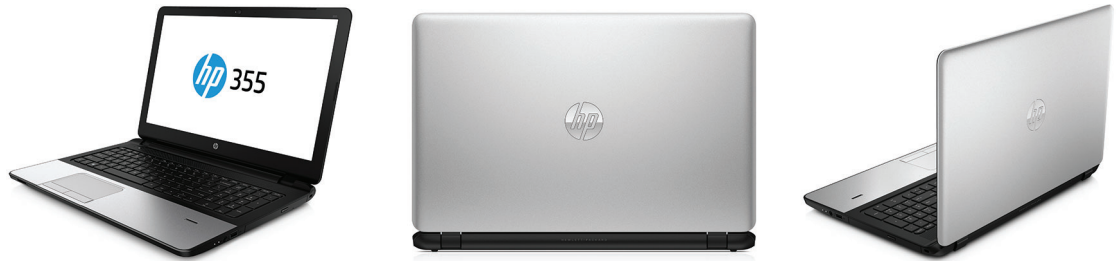

- Gain the tools you need to stay in the driver's seat at work. From Windows 8.1<sup>2</sup> technology to leading processors, you're ready for work.
- Get up to 1TB<sup>3</sup> hard disk drive for storing documents, images, videos, and more of what you need.
- Get more done with the new, fast and fluid Windows 8.1.<sup>2</sup>
- Powerful AMD Quad or Dual Core processors<sup>4</sup> enable working with multiple applications without slowing you down or breaking the budget.

### Connect without hassles.

- Say goodbye to dongles and have all the connections you need, including VGA display, HDMI, Ethernet, USB ports, and an optional built-in DVD drive.<sup>5</sup>
- Connect with colleagues via the Internet and email at the office or your favorite hotspots with optional Wi-Fi CERTIFIED™ WLAN.<sup>6</sup>
- Watch DVDs using the optional integrated optical drive<sup>5</sup>—or write your own media.
- Print from your favorite hotspot or when you have internet access with HP ePrint. Now you can print without the cables.<sup>7</sup>

## HP 355 G2 Notebook PC Specifications Table

<b>Available Operating System</b>	Windows 8.1 Pro 64 <sup>1</sup> Windows 8.1 64 <sup>1</sup> Windows 7 Professional 64 (available through downgrade rights from Windows 8.1 Pro 64) <sup>2</sup> Ubuntu FreeDOS
<b>Available Processors</b>	AMD Dual-Core APU <sup>3</sup>
<b>Chipset</b>	Chipset is integrated with processor
<b>Maximum Memory</b>	8 GB 1600 MHz DDR3L SDRAM <sup>4</sup>
<b>Memory Slots</b>	2 SODIMM
<b>Internal Storage</b>	500 GB up to 1 TB SATA (5400 rpm) <sup>5</sup>
<b>Optical Drive</b>	DVD+/-RW SuperMulti DL <sup>6</sup>
<b>Display</b>	15.6" diagonal HD anti-glare flat LED-backlit (1366 x 768)
<b>Available Graphics</b>	Integrated: AMD Radeon R4; AMD Radeon R3; AMD Radeon R2

## HP 355 G2 Notebook PC

### Accessories and services (not included)

#### HP 3005pr USB 3.0 Port Replicator

Everything you need every day, ready with one simple connection. The HP 3005pr USB 3.0 Port Replicator is our ultimate platform-independent hot desking solution. Get online, make up to six of your everyday USB devices immediately available, and expand your productivity with connection to two external displays—all through one USB 3.0 cable.

**Product number: H1L08AA**

#### HP Ultralim Keyed Cable Lock

Designed to fit industry standard lock slot on most HP notebooks

**Product number: H4D73AA**

#### HP Dual Hinge Notebook Stand

Turn your HP Business Notebook into a desktop solution by raising your computer screen to a comfortable level. A dual-hinged, smooth-motion display stand allows for greater distance, height and tilt adjustment for maximum comfort. The adaptable design of the HP Adjustable Display Stand accommodates notebooks that can be connected to a docking station and notebooks that do not have a docking connector. Integrated base rollers let you rotate the stand so you can more easily share your work.

**Product number: AW661AA**

#### HP Business Backpack

A backpack designed with the businessman or woman in mind. It has room for the largest HP 17.3" notebook and plenty of space for additional papers and accessories

**Product number: H5M90AA**

#### HP 3 year Next business day onsite Notebook Only Service

HP Hardware Support Onsite Service provides high-quality remote assistance and onsite support for your covered hardware, helping you to improve product uptime.

You have the flexibility to choose between multiple predefined service-level options featuring several onsite response or call-to-repair time and coverage window combinations in various durations to address your specific service needs.

Service level options with call-to-repair times provide IT managers with support specialists who will quickly begin troubleshooting the system to help return the hardware to operating condition within a specified timeframe.

**Product number: UK703E**

## Messaging Footnotes

<sup>1</sup> Microsoft Windows required.

<sup>2</sup> Not all features are available in all editions of Windows 8.1. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows 8.1 functionality. See <http://www.microsoft.com>.

<sup>3</sup> For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 30GB of hard drive is reserved for system recovery software.

<sup>4</sup> Quad and Dual core processing with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance will vary.

<sup>5</sup> Optical Drives are sold separately or as an optional feature.

<sup>6</sup> Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited.

<sup>7</sup> Requires an Internet connection to a HP web-enabled printer and HP ePrint account registration. For complete details, see [www.hp.com/go/eprint](http://www.hp.com/go/eprint).

## Technical Specifications Footnotes

<sup>1</sup> Not all features are available in all editions of Windows 8.1. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows 8.1 functionality. See <http://www.microsoft.com> for details.

<sup>2</sup> This system is preinstalled with Windows 7 Professional software and also comes with a license and media for Windows 8.1 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.

<sup>3</sup> This system requires a 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD technology. Quad core processing with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance will vary. AMD's numbering is not a measurement of clock speed.

<sup>4</sup> Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.

<sup>5</sup> For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB (for Windows 8.1) of system disk is reserved for the system recovery software.

<sup>6</sup> Double-layer discs can store more data than single layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. Note that this drive cannot read or write to 2.6 GB single-sided/5.2 GB double-sided – version 1.0 media. Don't copy copy-right protected materials.

<sup>7</sup> WiFi and 802.11 + Bluetooth combos are sold separately or as add on features. Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited.

<sup>8</sup> Internet access required.

<sup>9</sup> Discrete graphics memory uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs.

<sup>10</sup> HD content required to view HD images.
