

Lenovo Y70 Touch

POSITIONING STATEMENT

The Lenovo Y70 Touch – Lenovo’s first 17-inch touch laptop – is a high-performance, touchscreen gaming notebook that comes standard with features that help bring movies, pictures and games to life. This ultimate entertainment notebook PC is equipped with a FHD (1920x1080) resolution display, premium audio and the latest in processor and graphics technology to power through heavy entertainment use, while allowing for an interactive user experience through its touchscreen display.

KEY FEATURES

- 17-inch FHD touchscreen display built for a life-like viewing experience for movies and gaming (4x the resolution of SD)
- Top-end processing performance with up to 4th Generation Intel® Core™ i7 quad-core processors
- Up to NVIDIA GTX 860 4GB discrete graphics for extra power during heavy entertainment use
- Premium JBL® Stereo speakers and subwoofer bring immersive sound when playing music, gaming or watching videos
- Comes with an optional external DVD/Blu-ray Disc drive to watch movies, burn discs and share photos, or install software and games without an active internet connection
- Backlit keyboard for easy use in low-light environments
