USB
“plug+play”

FX5051

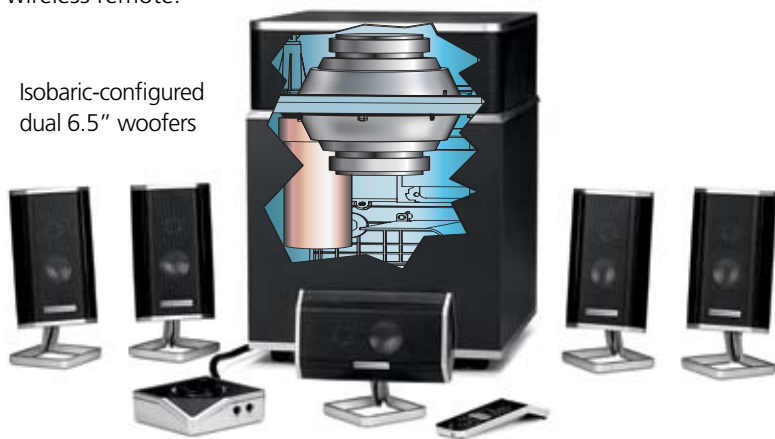

ALTEC LANSING®

POWERED AUDIO™

6-CHANNEL SOUND CARD? FORGET ABOUT IT!

It's a unique benefit: The Altec Lansing FX5051 system gives you genuine 5.1 surround sound with no hassles and no 6-channel sound card required! You simply plug a USB cable from your subwoofer into your PC and get 6 discrete channels of powerhouse sound. The FX5051 features dual drivers in every satellite, plus a "two-barreled," isobaric subwoofer that gives you awesome bass in half the space. What's more, it's long on looks. The perfect complement to your flat-panel displays. Satellites feature removable bases for easy wall mounting. System includes a wireless remote.

Isobaric-configured dual 6.5" woofers

FX5051

Crisp Surround Sound

Hear the enemy creep up from four satellite speakers and enjoy lifelike dialogue from the center speaker.

Feel the Bass

Isobaric-configured dual 6.5" woofers deliver bass comparable to systems twice as large.

Dual-Mode Selector

Each listening mode is specially engineered to provide outstanding performance.

- Use the 6-Channel Surround Mode with the USB port on your PC or 6-channel sound card to thrill your senses with the vivid, panoramic experience of true surround sound.
- Use the 2/4 Channel Mode to enjoy immersive six-speaker sound from any source – MP3 players, CD players.

MINIMUM SYSTEM REQUIREMENTS FOR TRUE 5.1 USB SURROUND SOUND:

PC USERS:

- PC with 500 MHz processor
- Microsoft(r) Windows(r) 98SE, 2000, ME or XP
- 64MB of RAM
- Available USB port
- 5.1-encoded title

Understated Elegance

Contemporary design with removable cast-metal stands looks terrific next to your flat-panel screen or mounted on wall (satellite and center speakers are magnetically shielded.)

Wireless Remote and Control Pod

Volume (master, center, and rear), bass, and treble controls are at your fingertips. Just sit back and enjoy!

iPod/MP3 Player Jack

Connect your iPod, MP3 player, or CD player at the same time as your computer.

Headphone Jack

For private listening.

Note: To enjoy true 5.1 USB surround sound when watching a movie, a 5.1-channel software decoder is required.

MAC USERS:

The true 5.1 USB Surround Sound feature is not available on Mac computers. To enjoy 6-speaker stereo sound, use a MacOS X-equipped computer and set the subwoofer to the 2/4 channel mode.

SYSTEM SPECIFICATIONS*:

Altec Lansing's superior sound come from our proprietary technology, which utilizes custom-built, high-fidelity drivers, state-of-the-art equalization circuitry, and a harmonious mix of the following specifications:
