

Portable GPS Navigation X-930

Powerful & Portable GPS Technology

EASY TO USE Install, plug & go. It's that easy to begin enjoying the benefits of the X-930. Get instant door-to-door route calculation. You'll save time and enjoy the journey. **POWERFUL TECHNOLOGY** The integrated GPS receiver uses SiRF Star III technology ensuring accurate reception, even in heavy foliage or through tinted glass! Navigation information is literally at your fingertips with a large touchscreen display. **LIGHT & PORTABLE** The slim and sleek design easily mounts on your windshield or dashboard. Yet it only weighs 4.7 ounces, so you can dismount and carry the X-930 with you. **SMART & RELIABLE** Detailed and easy to read maps give you clear information. (The U.S. map is pre-loaded; Canada is supplied on DVD-ROM.) Precise turn-by-turn voice instructions coach you along the way (in English, Spanish, French, German and Italian). A wide range of Points of Interest (POI) help you find restaurants, gas stations, ATMs, etc.
