

# BOWLING BALL

for Wii™

Wi-BOWL

Turn every Wii bowling experience into a perfect 300 with the Bowling Ball for Wii. This ultra-realistic accessory, allows you to mimic all the critical motions a 'striking' performance requires. This Wii peripheral is the first of its kind to be fashioned after an authentic bowling ball, turning your wii-mote into the optimum performance-enhancing accessory!

To operate simply press the release button to open the ball in half, place the Wii remote (even with a Wii Motion Plus adapter, if you have one) inside and close the ball. With the remote is set inside, plug the three holes with your fingers, as you would a bowling ball. Lastly, make sure to wear the wrist strap securely around your wrist, lock the strap to tighten the hold, preventing the ball from accidentally flying out of your hand, and you are ready to bowl virtual strikes like a Pro!

**Package Includes:**

- (1) Bowling ball Wii Remote container with tightening wrist strap
- (6) Removable Bowling ball finger plugs

**Compatible with:**

- Wii sports
- Brunswick Pro Bowling
- Ten Pin Alley 2
- AMF Bowling: World Lanes
- AMF Bowling: Pinbusters!
- And any other Wii Bowling games that require the Wii Remote
- Wii Motion Plus compatible

*Wii Remote and Nunchuk not included*
