

Audio Unlimited™ 900MHz Wireless Speakers w/Remote

Cables Unlimited: **SPK-VELO-001**

UPC: **724580180388**

2 sets per master carton

DESCRIPTION:

Listen to music just about anywhere without the hassle of running unsightly speaker wires! The powerful transmitter uses 900 MHz technology to send music through walls and floors to the dual wireless speakers up to 150 feet away. These high-quality, weather-resistant speakers can even be used in wet areas and are individually controlled with the included remote control. Enjoy the complete freedom of taking your music or other audio almost anywhere.

FEATURES:

- 900 MHz transmitter sends audio signals without speaker wire.
- Transmitter connects via 3.5mm audio cable to PCs, MP3 players, iPods, stereos and home theatre systems.
- Speakers can be up to 150' away from the audio source, without line of sight limitations.
- Speakers can either be battery powered (using 6 'C' cell alkaline batteries per speaker — not included) or, using the included AC adapters.
- Compact & portable with a stylized design (10"H x 5"W) - 3" Rubber edge Woofer—2" Mylar cone Tweeter—10 Watt RMS Output—9V DC Transformer
- Volume controlled via wireless remote that also turns speakers on while in 'stand-by' mode.
- 2 channel selection for you to achieve the best possible performance.
- Auto shut off control for power saving.
- Auto tuning function for interference free reception utilizing Phase Loop Lock (PLL) technology automatically tuning in the optimal frequency.

INCLUDES:

- 2 Wireless Stereo Speakers with 2 AC adapters
- Wireless transmitter base with AC adapter
- Remote control (operates on 2 AAA 1.2V batteries *not included*)
- Wall mounts giving you the option to hang your speakers off your walls
- Adapters to allow the transmitter to plug into almost any audio device (3.5mm to RCA and 3.5mm to 1/4 Inch + iPod/iPhone adapter)
- User manual
