- ThinkVantage® Technologies help automate critical system tasks
- Award-winning service and support gives you peace of mind

SPEND YOUR TIME MANAGING
YOUR BUSINESS, NOT YOUR
COMPUTER.

lenovo™

Lenovo recommends Windows Vista® Business.

THINKCENTRE A57: COST-EFFECTIVE. SECURE. FULLY LOADED.

The ThinkCentre A Series is the ultimate small business tool. Engineered to meet your computing needs within budget, the A57 ensures you don't settle for less. There is plenty of performance on tap, supporting up to Intel® Core™2 Quad processors and ATI Radeon™ HD graphics solutions tailored to fit your needs.

The ThinkCentre A Series has always combined legendary Think design with Lenovo's engineering in a high value package, and the A57 takes this tradition to a new level. Like the Tower, the A57 Small Form Factor now supports a graphics adapter, and all A57 models are based on a re-designed platform that runs cooler and quieter. Lenovo's unique ThinkVantage® Technologies like Rescue and Recovery™ and Client Security Solution help you make the most of your machine, while our award-winning service and support protects your investment and gives you peace of mind.

Rescue and Recovery™ software combined with a lock slot and padlock loop locking option plus the ability to disable USB ports in BIOS makes the A57 a secure desktop.

Built to perform, the latest A57 models feature Intel® Core™2 Duo and Intel® Core™2 Quad processors backed by the Intel® G31 chipset and high speed DDR2 memory. Dual monitor support is available with the low cost DVI-I Connection Adapter or with ATI Radeon™ HD discrete graphic solutions.

Lower energy consumption means less heat is produced and less noise is generated keeping the system cool.

Lenovo recommends Windows Vista® Business.

Tower Machine Types

9702, 9851

Desktop Machine Types

9703, 9853

MAKE AN AMAZING PC EVEN BETTER.

THINKCENTRE A57 ACCESSORIES

SYSTEM MEMORY

PC2-5300 memory is designed for current and future DDR2 systems
– 1 GB PC2-5300 667 MHz DDR2 SDRAM UDIMM (P/N 73P4984)
– 2 GB PC2-5300 667 MHz DDR2 SDRAM UDIMM (P/N 73P4985)
Boost System Performance, Enhance Multi-tasking Usability,
Extend System Useful Life and Ensure Compatibility

LENOVO LASER MOUSE

(P/N 41U3074)

- 2000 dpi resolution (user selectable to 1600, 800 or 400 dpi)
- Fully programmable tilt wheel and buttons
- Ambidextrous design for both right and left-handed usage

THINKCENTRE AND LENOVO SUPER MULTIBURNER DRIVE (SERIAL/ATA)

(P/N 41N5620)

- High capacity, read/write removable storage
- Perfect for file sharing, backup, audio CD creation, software installations, DVD Video playback and recording
- Writes both DVDs and CDs

LENOVO 220X MONITOR AND THE THINKVISION USB SOUNDBAR

LENOVO 220X MONITOR (P/N 4433HB2)

THINKVISION USB SOUNDBAR (P/N 40Y7616)

- Dual speakers provides for full range business audio sound
- Power and audio volume are controlled directly from the soundbar

LENOVO USB MULTIMEDIA HEADSET

(P/N 40Y8518)

- Detachable USB adapter with integrated sound card
- Virtual 360° sound experience
- Adjustable headband for a perfect fit
- Ear pads that automatically adjust and tilt for maximum comfort

1 GB / 2 GB / 4 GB LENOVO USB 2.0 SECURITY MEMORY KEY

- LENOVO USB 2.0 SECURITY MEMORY KEY – 1 GB (P/N 41U5118)
- LENOVO USB 2.0 SECURITY MEMORY KEY – 2 GB (P/N 41U5119)
- LENOVO USB 2.0 SECURITY MEMORY KEY – 4 GB (P/N 41U5120)
- Supported on all notebooks, desktops, docks, and USB hubs under Vista®, Windows® XP & Windows® 2000

Reseller prices may vary. **Warranty:** For a copy of applicable warranties, visit www.lenovo.com/hk/warranty. Lenovo makes no representation or warranty regarding third party products or services. **Footnotes:** [1] **Limited warranty:** Telephone support may be subject to additional charges. [2] **11n Wireless LAN Mini-PCI Express Adapters:** are based on the Draft Release Version 1.0 of the IEEE 802.11n specification, which has not been finalized. [3] **Windows Vista:** Not all Windows Vista features are available for use on all Windows Vista Capable PCs. All Windows Vista Capable PCs will run the core experiences of Windows Vista, such as innovations in organizing and finding information, security, and reliability. Some features available in premium editions of Windows Vista – like the new Windows Aero™ user interface - require advanced or additional hardware. Check www.windowsvista.com/getready for details. [4] **Hard Disk drive:** GB = billion bytes. Accessible capacity is less; up to 5.1GB is service partition. [Maximum capacity may require the replacement of installed component with largest supported component available.] [5] **Models with 4GB Memory:** Total accessible memory will be less and will vary depending on the system configuration. [Maximum capacity may require purchase of optional component.] [6] **Thickness:** May vary at certain points on the system. [7] **Included Software:** May differ from its retail version (if available) and may not include user manuals or all program functionality. License agreements may apply. **Energy Star:** As an Energy Star Partner, Lenovo has determined that this product meets the Energy Star guidelines for energy efficiency. **Trademarks:** Lenovo, the Lenovo logo, Access Connections, Active Protection System, Rescue and Recovery, System Migration Assistant, ThinkPad, ThinkVantage, TrackPoint, UltraBay, UltraConnect and UltraNav are trademarks of Lenovo.
