LG
Life's Good

green LIFE'S GOOD...

WHEN IT'S GREEN.

LG is committed to improving product development, manufacturing and usage to meet the demand for environmentally friendlier products. Our LD452B televisions have technologies to reduce power consumption and in return increase **cost savings** per room. We've also placed limits in the amounts of harmful materials used in these televisions.

- **EcoSmart**
Energy Saving Levels - Manually select your choice for the brightness level for the television.
- **RoHS Compliant** - Meets directive on restriction of hazardous substances.
- **Energy Star 4.1 Qualified** - Meets current reduction requirements of energy consumption.

FEATURES

COST EFFECTIVE. SIMPLE. HIGHLY EFFECTIVE.

COST EFFECTIVE - 2 in 1

Without any additional hardware, the LG EzSign TV can be used to show live television broadcasts along with signage content.

CUSTOMIZED TO YOUR NEEDS - Signage content can be specific to your business

The LG EzSign TV allows you to create your own signage content and make revisions on the fly.

FAST AND EASY - Edit content quickly and easily

Select one of the pre-installed content templates. Apply images and add texts on it. It's that simple.

VARIETY - Pick and choose from a broad range of template designs

The LG EzSign TV gives you the power to choose and change according to your needs.

LG EZSIGN SOFTWARE – Simple 4 step procedure

ENERGY SAVING LEVELS

Manually select your choice for the brightness level for the television. By selecting Minimum, Medium, or Maximum, the power consumption will be reduced and an increase in energy savings can be achieved. (Note: Selecting minimum level may slightly increase power consumption on some models)

CONNECTIVITY

As a versatile addition to the TV viewing experience, LG's optional auto-sensing Remote Jack Packs (RJP)*, can serve as a multimedia hub that can be installed conveniently on a table or in a wall. Connect portable devices such as a laptop, mp3 player, or a digital camera to display images, play video or music from the set.

PUBLIC DISPLAY SETTINGS

When used in public areas, these HDTVs can be easily programmed by the installer to have the TV turn on at a specified channel/volume level, set the minimum/ maximum volume, lock out the control panel/remote, set the aspect ratio, and return to a factory reset. By using Power Management, these displays can be programmed to turn off if there has been no activity (remote or control panel buttons) for a preset time (1-7) hours.

Public Display Setting	
Public Display Mode	No
Start Channel	No
Ch. Type	TV
Major	2
Minor	0
Minimum Volume	0
Maximum Volume	100
Start Volume Level	No
Power Management Setting	No
Key Management	1
Factory Reset	0
Aspect Ratio	0

USB CLONING

USB cloning will allow for easy transfer of Public Display Settings from the "Master TV" to an unlimited number of same type televisions.

DIMENSIONS

invisible SPEAKER

SOUND IS HEARD, NOT SEEN

Enjoy a combination of smart technology and stylish design with the invisible speaker system custom tuned by audio expert Mr. Mark Levinson. This unique system provides a clean, polished look and an enhanced auditory experience by increasing the sweet spot and providing a wider sound field.
