

KH2508A / KH2516A

2-Console Cat 5 High-Density KVM Switch

KH2508A
• 8 ports

KH2516A
• 16 ports

- Two KVM consoles independently and simultaneously control up to 8 or 16 directly connected computers
- Dual Interface – supports computers and consoles with PS/2 or USB keyboards and mice
- Three port selection methods: Manual (via front panel pushbuttons), Hotkey, and multi-language OSD (On Screen Display)
- Multiplatform support – PC, Mac, Sun, and serial
- Multiple User Accounts – Supports up to 10 user and 1 administrator accounts
- Two-Level Password Security – Supports one administrator and ten user profiles. Password protection prevents unauthorized access to the installation
- Auto Scan mode enables continuous monitoring of user-selected computers
- Broadcast Mode sends commands from the console to all computers – allowing you to perform operations (such as software installation, upgrades, shutdowns, etc.), on them simultaneously
- Adapter ID

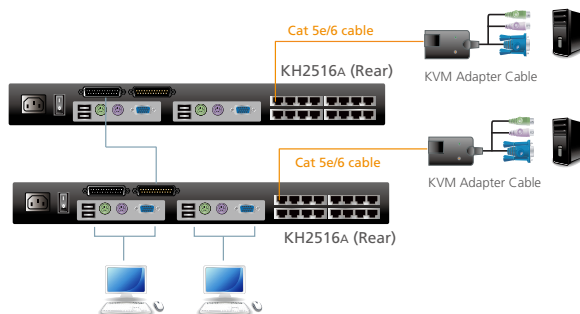

Advantages

- Space-saving RJ-45 connectors and Cat 5e/6 cabling
- Daisy chain up to 15 additional KVM switches*, as many as 256 computers can be controlled from the original KVM consoles
- Superior Video Quality – Supports the video resolutions up to 1600x1200@60Hz for up to 40 meters, and 1280x1024@75Hz for up to 50 meters**

* Compatible KVM Switch: KH2508A/KH2516A

** With KVM Adapter Cable KA7xxx series
