

■ Product Overview

The Adesso® AKB-270UB Antimicrobial Waterproof Silicon Touchpad Keyboard is designed for high traffic applications. The keyboard is easily cleaned with soap and water. It is made with antimicrobial material that protects against germ buildups between washings. The keyboard has a USB interface that easily connects without having to install specific drivers. Aside from these incredibly practical and hygienic features, the keyboard is made for smooth and quiet performance.

■ Durable Waterproof Design

The keyboard is wrapped with an advanced silicon material that will protect it against oil, water and dust.

■ Antimicrobial

The silicone material also offers the ability to remove germs with liquid disinfectants or soap and water or disinfectants.

■ Internet & Multimedia Hot keys

Control your media player with one-touch using the built-in Multimedia Hotkeys. You can navigate the Internet and access your emails with the built-in Internet Hotkeys.
