25-CHARACTER DESCRIPTION:

Three Hundred Reloaded

50-WORD DESCRIPTION:

The new standard for affordable gaming cases has arrived with Antec's Three Hundred Two. Equipped with 11 drive bays for hard drive storage, eight expansion slots for all your graphics cards and an enlarged CPU cutout for quick and hassle-free CPU cooler installations, the Three Hundred Two is more than enough for the gamer in all of us!

100-WORD DESCRIPTION:

The team that brought you the Three Hundred is back with an enclosure designed to handle tomorrow's high-performance systems. Introducing the Three Hundred Two, the next standard in affordable gaming cases. Our newest chassis is built specifically for gamers, from its attractive, yet functional front bezel, to its advanced cooling system. With tool-less 5.25" & 3.5" drive bays, a large cable management compartment and two front panel USB 3.0 ports with an internal connector, the Three Hundred Two is the new heir to the Gaming Series legacy.

150-WORD DESCRIPTION:

The Three Hundred returns once more with Antec's highly customizable, yet affordable Three Hundred Two. Built for high-end gaming, the Three Hundred Two was created specifically to run the PC's newest, biggest titles! Designed to appeal to the gamer in all of us without breaking the bank, the Three Hundred Two is built for the ultimate player's experience. With an enlarged CPU cutout, two USB 3.0 ports, nine tool-less drive bays and eight expansion slots, everything's all set for you to create your perfect system. To keep your dream machine running smoothly, the Three Hundred Two comes with an equally impressive cooling system made up of top and rear TwoCool™ fans, a perforated front bezel and top water cooling grommets. If you're upgrading for the next blockbuster or just looking for an affordable case, the Three Hundred Two should more than suit your needs!
