mounting configurations up to
100 mm x 100 mm to 700 mm x 400 mm

Attractive design

ULTRA THIN TV WALL MOUNT

This professional quality Bell'O® Ultra Thin Wall Mount is constructed of solid, heavy gauge steel to support most large size Flat Screen TVs (37" - 80") weighing up to 150 lbs (68 kg). After installation, the TV can easily be leveled or height adjusted with the unique leveling mechanism. The 7760B features a hanging arm design which provides simple mounting to the wall plate. The arms can lift away from the wall without unlocking for easy cable access with security, and it can even be padlocked for additional TV protection. Fits most large to extra large universal mounting configurations up to 700 mm x 400 mm. Also included is a multi-lingual instruction manual, installation template, and a complete mounting hardware kit. The functional design of the 7760B is enhanced by its durable powder-coated, high gloss Piano Black finish for a clean and finished appearance.

SPECIFICATIONS

Estimated TV Size: 37" - 80"
