MasterCase Pro 5 (MCY-005P-KWN00)
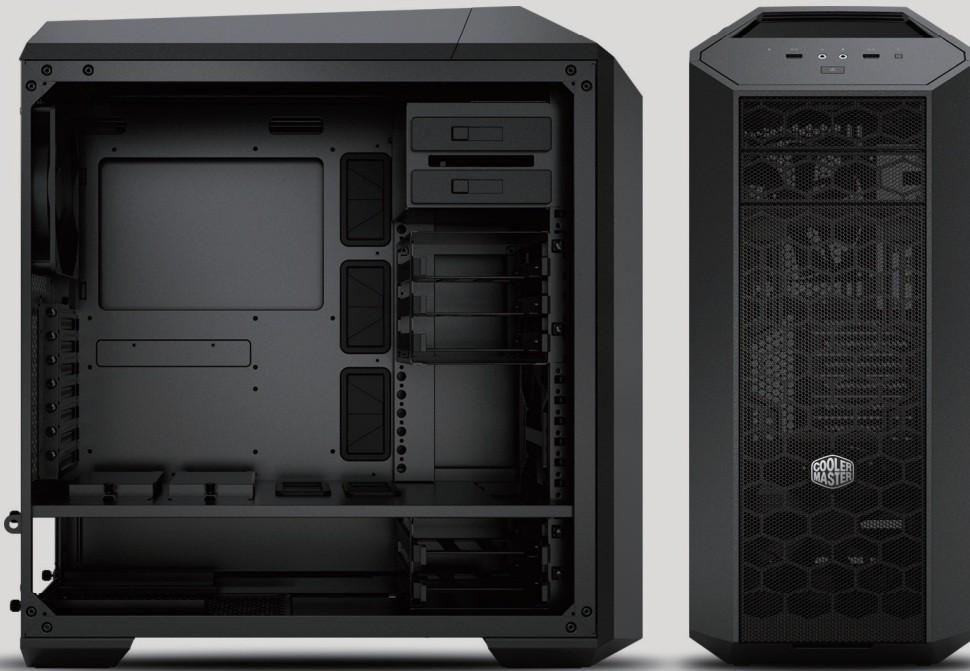

The world's first mid-sized modular tower with exterior expandability.

The **MasterCase** represents the crest of a new wave of case technology, pioneering our unique **FreeForm**™ Modular System, which allows you to expand your case by replacing exterior elements, including top panels and the case door, as well as offering unparalleled flexibility to reconfigure the case interior.

Product Features

FreeForm™ - Unparalleled flexibility to upgrade your case via the addition of top panels or doors, adjusting asethetics, thermal performance and layout flexibility.

• Unique clip-and-click components panel to integrate accessories like fans, drive cages, and water cooling reservoirs

• Supports up to 6 x 140mm fans – including 3 in the front and 2 at the top

• Option to install up to 280 mm radiator in front due to unique ability to horizontally shift bottom-mounted HDD cage bracket

• Built for performance – supports up to three dual-slot extra-long graphics cards

• Dual chamber design - partition panel isolates power supply and cables for clean management

• Four slip-and-clip solid state drive pockets – two hidden behind motherboard tray and two above partition panel

• Top cover panel with water cooling bracket for 240mm radiator support and exterior augmentation
