

Philips
wireless portable speaker

Bluetooth

Rechargeable battery
2W

BT2000B

Stretch the speaker in sound and size

Bring music to your adventures with a compact, rugged and easily carried speaker that can be strapped to any bag. Anti-clip technology gives better sound for its size. When you want more just pull it open. Music lasts for half day.

Impressive sound

- Anti-clipping function for loud, distortion free music
- Advanced audio performance with a slim design
- Pull out the speaker for better quality sound

Simplicity in use

- Wireless music streaming via Bluetooth
- Audio-in for easy connection to almost any electronic device

Designed for grab and go

- Built-in rechargeable battery for music playback anywhere
- Up to 12 hours music playtime
- Carry it anywhere with the by-packed finely knitted strip

Go green with me

- Certified Green Product: Strong commitment to sustainability

PHILIPS

Wireless portable speaker
Bluetooth Rechargeable battery, 2W

Specifications

Compatibility

- iPad: iPad 1, iPad 2, new iPad, iPad mini, iPad with Retina display
- iPhone: iPhone 3, iPhone 3GS, iPhone 4, iPhone 4S, iPhone 5, iPhone 5C, iPhone 5S
- iPod touch: 3rd generation or later
- Android tablets & smartphones: with Android 2.1 and Bluetooth 2.1 or above
- work with: Bluetooth 4.0 or below
- other Bluetooth-enabled device

Connectivity

- Bluetooth profiles: A2DP, AVRCP
- Bluetooth range: Line of sight, 10M or 30FT
- Audio in (3.5mm)

Sound

- Output power (RMS): 2W
- Sound System: Mono

Loudspeakers

- Speaker driver: 1 x 1.75"

Power

- Battery type: lithium polymer (built-in)
- Operating time on battery: 12 hr

Accessories

- Included accessories: carrying strap, USB cable for PC charging, World Wide Warranty leaflet, Quick install guide

Dimensions

- Product dimensions (WxDxH): 99 x 93 x 77 mm
- Packaging dimensions (WxDxH): 113 x 60 x 135 mm
- Product weight: 0.157 kg
- Weight incl. Packaging: 0.245 kg

BT2000B/00

Highlights

Wireless music streaming

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

Anti-clipping function

Anti-Clipping lets you play music louder and keeps it high quality, even when the battery is low. It accepts the input signals from 300mV to 1000mV and keeps your speakers safe from damage by distortion. This speaker handles anti-clipping through a dedicated audio limiter IC. This monitors the musical signal as it goes through the amplifier and keeps peaks within the amp's range, preventing the audio distortion caused by clipping without affecting loudness. A speaker's ability to reproduce musical peaks decreases along with battery power, yet anti-clipping reduces peaks caused by low battery.

Audio-in

Audio-in for easy connection to almost any electronic device
