

## THD03901US | FlipView Case for iPad Air (5th Gen) - Midnight Blue

The Targus FlipView Case for iPad Air (5th Generation) lets you go from a typing or viewing position with a simple flip. No need for folding or tucking into tabs.

With the flip of your wrist, you can go from the ideal typing position to a hands-free viewing experience.

The hard shell back cover is custom-fit to your iPad Air (5th Generation), keeping it secure in the case and protected on all sides.

Easily access all buttons and ports while keeping your iPad in the case.

The front cover has soft interior lining that protects your iPad's screen.

A discreet cord closure keeps the case closed and your iPad secure during transport.
