Model #: N250-024-LP

## 24-port Cat6 / Cat5e Low Profile Feed-through Wallmount Patch Panel 1U

### Highlights

- 90 degree Cat6 RJ45 jacks allows easy cable routing
- Wall mountable with standoff brackets, or rack mountable
- Exceeds TIA-EIA-568-C.2 Cat6 Component requirement

### Description

Tripp Lite's N250-024-LP, Cat6 Feed-Through Low Profile patch panel, makes cable patching quick and easy, by simply plugging Cat6 patch cables into either side of the Cat6 couplers. Ninety degree angles on the couplers allows for low profile mounting to a wall with included stand-off brackets. Cables feed into the front of the panel, and corresponding patch cables exit Up, Down, Left, or Right, depending on the mounting position. Patented printed circuit board design within the coupler exceeds NEXT requirements for Cat6 component testing, assuring Gigabit+ speeds.

#### Applications

- MDF's or IDF's where quick patching changes need to be made

#### Package Includes

24port Cat6 Low Profile Feed-Through Patch Panel

### Features

- 24port Feed-through panel for Cat6 or Cat5e networks
- Wall or Rack mountable ( standoff brackets included for wall mounting )
- 19" Wide by 1.75" (1U) High x 1.42" deep
- Ninety degree coupler allows a multitude of mounting angle options

### Specifications

OVERVIEW	
Model Type	Patch Panels
PHYSICAL	
Color	Black
Style	Cat6/6e/6a
CONNECTIONS	
Connector A	 RJ45 (FEMALE)

Connector B	 RJ45 (FEMALE)
Number of Connectors	24
Ports	24
