Before purchasing GP1520, please read the following:

1) GP1520 works with GPRS/GSM network only
2) GP1520 requires a SIM card to be inserted
3) Current compatible cellular/network providers in US are T-Mobile, Cingular and AT&T
4) For Internet, additional service (GPRS) is required from the cellular/network provider for an additional fee
5) ALL software from the CD must be installed before inserting GP1520 into your system
