- ◆ 16.7 million colors
- ◆ 178° Left/Right, 178° Up/Down Viewing Angles

Adaptive-Sync Support

Selling Points

1 Curved Immersion

The Acer XZ 35" Curved Display with UltraWide FHD (2560 x 1080) resolution offers the sharpest picture quality and provides a perfect picture with a broader view. This monitor presents stunning, lifelike images with an amazing level of detail that makes games more exciting and movies truly cinematic. Enjoy reliable performance for the simplest tasks to the most demanding working environments.

The curved screen panel and frameless screen wraps you in a world of entertainment with every corner of the screen at the same distance from your eyes for a uniform viewing experience without blind spots. The UltraWide 21:9 aspect ratio presents a more immersive experience with a wider field of view which brings a better movie and game experience compared to a flat display of the same size.

100% sRGB coverage and 6-axis color adjustment ensures the screen displays the highest standard of color accuracy desired by design professionals and photo enthusiasts. The display delivers this top-class color across 178° viewing angles.

2 Extreme Entertainment

The Acer XZ curved monitor was designed with dynamic angles for the ultimate in gaming luxury. The solid stand with futuristic aluminum base is unique and the cable management hole helps to organize power, keyboard, mouse and accessory cables easily. The Acer XR Series monitor provides different ambient lighting effects that can be adjusted in the settings. 4 cool ambient lighting effects add a cool effect to your game. From a fixed light to different frequencies such as breathtaking, flashing or ripple, your desk never looked this good.

Gamers will particularly appreciate the 4ms response time and fast refresh rates thanks to the Adaptive-Sync technology product that matches the refresh rate of your monitor with your graphics card. The result is a smooth, tear-free experience in gaming and video playback applications.

What's gaming without the sound of whizzing bullets, crunching glass and huge explosions? Two built-in 9W DTS® Sound speakers bring world-class sound to your games and movies.

Stay in your game for hours with EyeProtect's Flicker-less and Blue-light Filtering technology. Give your neck a break too, the ergonomic stand lets you find your most comfortable view with tilts from -5° to 25° and can vertically adjustment up to 5 inches. Cable management hole keeps things tidy.

3 Custom Multitasking

This high end monitor is designed to handle high rates of data transfers and has high-bandwidth connection ports like HDMI 2.0 and DisplayPort. 5 high-speed USB 3.0 ports, make it easy to connect your mouse, keyboard, gaming headset and mobile. Plus, you to charge your smartphone or other portable device quickly.

Safe for you and the environment, Acer monitors are ENERGY STAR® and RoHS compliant. Acer EcoDisplay technologies use mercury-free white LED backlighting, reducing power consumption by up to 68%.
