

DELL™ OPTIPLEX™ 360

Designed with growing businesses and organizations with less complex IT infrastructures in mind, the OptiPlex 360 is built with practical features focused on providing essential business value. The OptiPlex 360 delivers reliable, cost-effective business productivity with Intel® Core™2 Duo processors, high-speed memory options, and integrated video support. Customizable to meet your business needs, the OptiPlex 360 offers technology that provides basic manageability, security, and energy efficiency. All backed by a choice of smart, desktop-focused services that provide your IT professionals the tools they need throughout the technology lifecycle, from acquisition to asset retirement. Essential business value of the OptiPlex 360 is just one of the reasons Dell is a leader in business desktops – and why OptiPlex is the easiest choice you'll make today.

OPTIPLEX MEANS BUSINESS

The OptiPlex 360 delivers essential performance to help keep your business running:

- Exceptional value for reliable business-class computing, featuring Intel Core 2 Duo, Pentium® Dual Core, and Celeron® processors
- Planning support with up to a 12-month lifecycle, stable images, managed transitions, and Dell ImageWatch™ to provide early notification of upcoming technology changes
- Customizable Global service and support through Dell ProSupport service options
- Dell Client Manager remote manager allows easy system manageability

OPTIPLEX IS EASY TO OWN

The OptiPlex 360 is designed and built to be both flexible and easily scalable to meet your changing needs:

- The right fit for basic user productivity with choice of two form factors
- Time-saving tool-less design and Dell exclusive DirectDetect™ troubleshooting LEDs help result in reduced maintenance and service costs
- Add predictability to the IT management process with a minimum 60-day transition period between product transitions
- Dell client manager enabling, remote inventory, diagnosis, and system hardware management

OPTIPLEX SECURITY

OptiPlex provides basic security offerings to help protect your critical data:

- System and BIOS passwords to help prevent unauthorized access
- Chassis loop lock provides physical system protection
- Proactive Dell ProSupport services help reduce risk and protect your sensitive data with Hard Drive Data Recovery and Certified Data Destruction

OPTIPLEX GETS GREEN

Dell is committed to being the greenest PC Company on the planet. And the OptiPlex 360 delivers smart energy choices so that you can:

- Achieve outstanding performance with less energy through Dell's Energy Smart power management
- Help reduce power consumption — and cost — with Dell's power supply, which is up to 88% efficient (available after 17/11/2008 on selected models)
