

HP EliteDisplay E221 21.5-inch LED Backlit Monitor

Give your business-critical users the display they crave.

The HP EliteDisplay E221 21.5-inch LED Backlit Monitor delivers outstanding ergonomic adjustability and convenient connectivity in a premier, energy efficient design.

Enhance your view, advance your connectivity

Bring your content to life with Full-HD resolution.¹ Get vibrant text and graphics from the LED backlit panel, which also makes the monitor thin, light, and easy to position on a desk.

Deliver clear views with wide viewing angles, and keep your content crisp and readable with high contrast ratios and fast response times.²

Easily connect devices with convenient VGA, DVI, and DisplayPort inputs and an integrated 2-port USB hub.

Work on a document in one partition, refer to a spreadsheet in another, and check e-mails in another—at the same time with HP Display Assistant. Customize your workspace with resizable screen partitions through an easy-to-use, centralized interface.

Use HP Display Assistant's new expanded toolbar to view open applications on all of your connected displays. Deter theft with a user-designated PIN that deactivates the monitor if it's disconnected from a PC without approval.

Get comfortable with HP's ultimate adjustable design

Find your most comfortable working position so you can power through your day. Customizable tilt, height adjustment, swivel, and pivot settings—the most adjustability available on an HP business display—help you find your sweet spot.

Control your environmental impact

Reduce power consumption and help lower your costs with an intelligent, energy efficient design featuring ENERGY STAR®, EPEAT® Gold³, and TCO certifications.

Help decrease your eco-footprint with Mercury-free LED display backlighting, a Low Halogen⁴ design and arsenic-free⁵ display glass.

HP EliteDisplays also meet TCO Certified Edge requirements for innovative products at the forefront of environmental and ergonomic stand design.

Global reassurance

Rest assured that your IT investment is supported by a three-year standard limited warranty. Select optional HP Care Pack Services⁶ to extend your protection beyond the standard warranties. Get award-winning service and support by phone or online.

Limited warranty	Protected by HP, including a 3 year standard limited warranty. Optional HP Care Pack Services ⁶ are extended service contracts that extend your protection beyond the standard warranties.

1. High-definition (HD) content required to view HD images.

2. All performance specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower.

3. EPEAT® Gold registered models of this product are available where HP registers commercial display products. See www.epeat.net for registration status in your country.

4. External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.

5. Arsenic and its compounds were not detected using U.S. EPA test methods 3052/6010b by ICP-AES with a Method Detection Limit 10 ppm.

6. Service levels and response times for HP Care Pack Services may vary depending on your geographic location. Service starts from date of hardware purchase. Restrictions and limitations apply. HP Care Pack Services extend service contracts beyond the standard warranties. To choose the right level of service for your HP product, use the HP Care Pack Services Lookup Tool at www.hp.com/go/lookuptool. Additional HP Care Pack Services information by product is available at www.hp.com/hps/carepack.

7. Each accessory and mounting hardware is sold separately.

8. The HP Quick Release has been designed to support a maximum of up to 24 lbs (10.9 kg) for all devices mounted. Because mounting surfaces vary widely and the final mounting method and configuration may vary, mounting fasteners are not supplied (other than the VESA-compliant screws). HP recommends that you consult with a qualified engineering, architectural or construction professional to determine the appropriate type and quantity of mounting fasteners required for your application and to ensure that your mounting solution is properly installed to support applied loads.
